## LPM 2007 - LIVE PERFORMERS MEETING FOURTH EDITION

September 20.21.22.23 - ROMA

### LIVE VIDEO PERFORMERS, VISUAL ARTISTS AND VJ MEETING

It's going to be renewed the yearly appointment with LPM, live performance meeting, international meeting for artists, professionals and amateurs of visual, veejaing and video live performance, coming from all over the world.

Last year, LPM involved **180** artists for **120** groups coming from **China, Uruguay, USA, UK, Poland, Hungary, France, Croatia, Serbia, Macedonia, Spain, Germany, Denmark, Portugal, Italy**. To face the larger and larger demands to participate to LPM, this fourth edition will be provided with an open air space intended to live set performance and to place and commercial stands. For the same reason the meeting will last four days.-one more day than the last edition-. .

This edition will give the chance to some of the most important Clubs, known at international level and experts in this field, to present their live video activities calendar in LPM as a preview for season 2007/2008.

The meeting main concept is the experimentation; so all the income coming from and for LPM 2007 will be invested in new and innovative technologies in order to sustain both the event and the research activity referred to live visual field.

LPM will be a place to interact and mix new and different concepts of art; it will be a way to approach the visual art and the video live performance. LPM will offer a real place where to talk and face each other.

During the event, as the past editions, there will be workshop, showcases of forefront software and products. There will be also video performance, expressions of several and innovative codes and languages (theatre, music, graphic).

After dinner, DJ and VJ will perform alternatively in the open air space; they can use five consolle, 10 video projector, and different monitors.

The participation to LPM is **FREE**, on the web site is now possible to subscribe until the 8 of September.

LPM is produced by Flyer communication ([www.flyer.it](http://www.flyer.it)) and organized by FLxER.net ([www.FLxER.net](http://www.FLxER.net)) thanks to important international partners.
